

innovation in the crisis and beyond - oecd - innovation in the crisis and beyond this chapter provides an overview of the impact of the global financial and public debt crises on innovation. the global financial crisis negatively affected business innovation and r&d. enterprise creation seems not to have recovered and business bankruptcies have increased significantly. the chapter shows substantial differences in performance across ...

edmund husserl the crisis - university of california, berkeley - crisis of a science indicates nothing less than that its genuine scientific character, the whole manner in which it has set its task and developed a methodology for it, has become questionable. this may be true of philosophy, which in our time threatens to succumb to skepticism, irrationalism, and mysticism. the same may hold for psychology, insofar as it still makes philosophical claims ...

4. the historical roots of a ecological crisis - rutgers university - 4. the historical roots of a ecological crisis

lynn white, jr. a conversation with aldous huxley not infrequently put one at the receiving end of an unforgettable monologue. **the silent crisis - princeton university** - the world will soon be producing generations of useful machines, rather than complete citizens who can think for themselves, criticize tradition, and understand the significance of another person's actions.

the ordinary economics of an extraordinary crisis - working paper the ordinary economics of an extraordinary crisis by peter j. boettke and william j. luther no. 09-21 june 2009 the ideas presented in this research are the authors' and do not represent official positions **what can cognitive science say or learn about economic crises?** - what can cognitive science say or learn about economic crises? *magda osman (m.osman@qmul) experimental biology and psychology centre, queen mary university london, london, e14ns, uk **oecd: strategic crisis management** - policies and practices should pay attention to: an overall crisis governance framework, the role of science and expertise, leadership issues, the governance of networks, and international cooperation. **the challenge of resilience in a globalised world** - the challenge of resilience in a globalised world joint research centre eur 27280 en report by the joint research centre the european commission's in-house science service. if you would like to learn more about the activities of the jrc, please contact: geraldine barry european commission joint research centre communication unit head of unit cdma 04/167 1050 brussels belgium brussels tel ...
